

## Local Development Plan Approved

We are pleased to tell you that the district assembly of Treptow-Köpenick approved the project-based local development plan for the area along Fanny-Zobel-Strasse with a clear majority at its meeting on 22 June 2017.

After the public had been given the opportunity to comment on the project, and once the administrative, processing and revision stages had been concluded, taking the suggestions of all stakeholders into account, the project-based local development plan was ready to be approved.

We plan to start marketing the flats during the third quarter of 2018. In the months before then, we are planning to undertake preparatory work to provide local infrastructure for the property on Fanny-Zobel-Strasse. In a first step, the grounds are to be decontaminated before the construction pit can be excavated. We expect the planning consent to be issued in late 2017.
